### Teaching and Learning Strategy

Learning is self-directed against a detailed set of learning objectives using the materials provided. Module tutors provide asynchronous support for students by replying to students' questions in open online discussion forums and facilitating discussion. Students are also strongly encouraged to participate in live webinars available on Moodle to obtain tutor support, and to make use of LSHTM online library resources. In addition, written feedback is provided on submitted formative assignments.

## Assessment

### Assessment Strategy

Formal assessment of this module consists of a two-hour unseen written examination which tests students against the module Intended Learning Outcomes and accounts for 100% of the student's final grade. If students fail the module overall, they are allowed one further attempt at the examination. Formative assessment via the FA is used as preparation for the type of assessment task set in the exam. The submission deadline for the FA is **31 March**. The Formative Assignment must be submitted via the Assignment Management System.

### Summative Assessment

Exam	2 hours	100	1 - 4

Timed examinations for DL modules are held once a year, in June (including resits). Examinations in 2021/22 will either be taken in a student's country of residence in one of over 650 [examination centres worldwide](#) or will be held online. If the June 2022 module exam is held at a local examination centre, a local fee will be payable direct to the exam centre. This fee will be in addition to the module fee and is set by, and paid directly to, the individual examination centre. The level of local examination centre fees varies across the world and neither the University of London nor the LSHTM have any control over the fee amount. If the June 2022 module exam is held online, no additional exam entry fee will be payable. (Note that for those resitting module assessments, a fee will be payable.)

### Resitting assessment

Resits will follow the LSHTM Resits Policy, which is published at the start of each academic year. The current policy can be found here: [Resits Policy](#).

## Teaching for Disabilities and Learning Differences

The LSHTM Moodle has been made accessible to the widest possible audience, using a VLE that allows for up to 300% zoom, permits navigation via keyboard and use of speech recognition software, and that allows listening through a screen reader.

For students with special needs, reasonable adjustments and support can be arranged – details and how to request support can be found on the University of London Worldwide website at <https://london.ac.uk/applications/how-it-works/inclusive-practice-access-arrangements>
