

**LSHTM-WHO Short Course on Global Adolescent Health,
17th - 28th June 2024**

Provisional TIMETABLE

Overall aim:

- To provide participants with knowledge, frameworks, skills and tools to strengthen programming in the health sector for adolescent health globally.

Hybrid course teaching:

- This is a hybrid course with the majority of sessions being delivered live. Pre-recorded case studies are also offered to provide an opportunity to deepen your engagement on any topics that interest you. We strongly encourage you to attend all sessions.
- Most live sessions are maximum 60 mins. We hope that by sharing these dates with you now, you will have time to apply for study leave as needed.
- Please use the same zoom link for all live sessions in this course.

Teaching Staff:

- LSHTM Course Organisers: Aoife Doyle and Nambusi Kyegombe
- Joint LSHTM-WHO Course Organising Committee: Valentina Baltag (WHO), Aoife Doyle (LSHTM), Nambusi Kyegombe (LSHTM)
- The resource persons for the short course will primarily be drawn from WHO, LSHTM, Obafemi Awolowo Univ, and Public Health Foundation of India.

All session times are indicative and subject to confirmation
