

Issue no.19 November 2024

PATIENTS RECRUITED
283

300

The final stretch - let's light up November!

Celebrating 16 New Randomisations

In October, we achieved **16 randomisations**, bringing us within striking distance of our goal.

17 Participants to Go!

With just **17 participants** left to recruit, we're on the home stretch and could be finished in just a few weeks. If you have any possible patients in the pipeline, don't miss out!

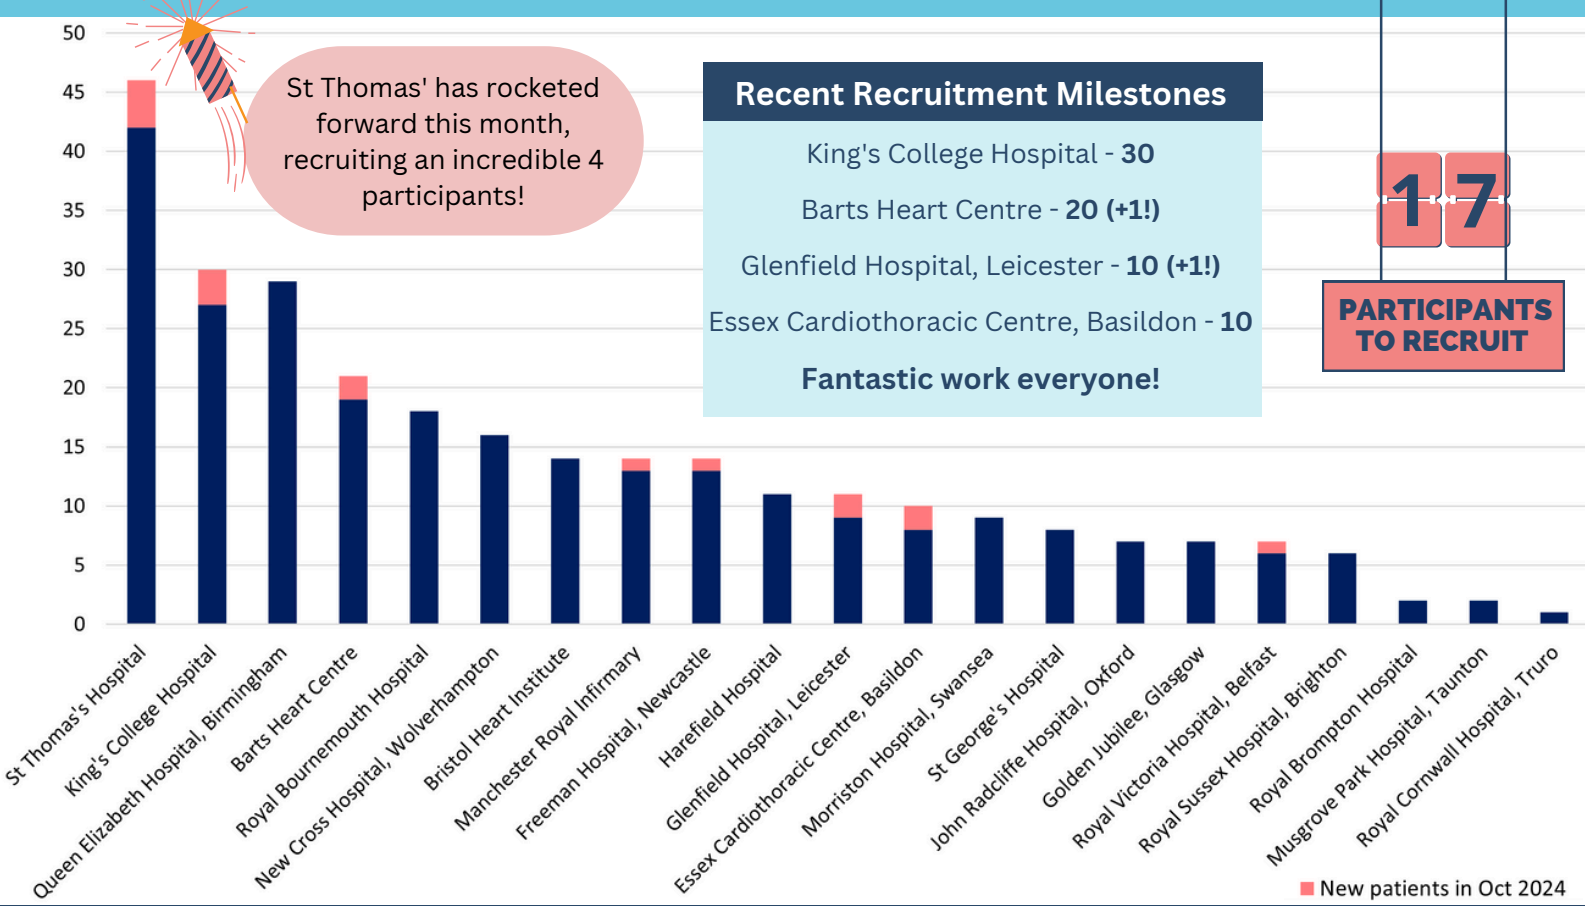

Best Month Since February 2024

Your recruitment efforts have been outstanding, making October the **best month since February 2024**. Thank you to every site and team member who made this possible!

A Group Effort to Reach 300 by End of November

Each centre should aim to get **one more patient** randomised to help complete this soon-to-be landmark trial in style.

Recruitment Leaderboard

St Thomas' has rocketed forward this month, recruiting an incredible 4 participants!

Recent Recruitment Milestones

- King's College Hospital - 30
- Barts Heart Centre - 20 (+1!)
- Glenfield Hospital, Leicester - 10 (+1!)
- Essex Cardiothoracic Centre, Basildon - 10

Fantastic work everyone!
